

Road Committee Communication #8

Peacham Pond Association Road Committee – Ice Fishing is officially open on the Pond!

Ice fishing season officially began on Saturday! By all measures (and in the photos that follow this post), it was a great start. There were over 15 shanties on the pond and more than 20 vehicles parked at the landing or on the pond. Roads remained full accessible despite this tremendous turnout...

Per our prior discussions with the Department of Fish and Wildlife, it was imperative to clear and maintain the state owned land in and around the boat landing throughout the winter so that Ice Anglers would not park in the street and block resident or service vehicle passage. They kept their word! With a record number of vehicles and an expanded area to be maintained, they exceeded our expectations. Our roads remain open!

Please send any comments directly to Ryan Chapell @ rtchapell81@gmail.com and/or Dave Noda @ dave.noda1@gmail.com. Thank you!
